Southern Highlands Christian School

Parents’ Handbook 2016
Dear SHCS Families,

Thank you for a fabulous 2015, and I very much look forward to 2016 and all the Lord has in store for us, the SHCS community. The following are some items which should encourage and inform:

The earth is the Lord’s and everything in it, says Psalm 24:1, and with that in mind the our plans for 2016 seek to once again put the students, staff, resources and future of the School in its rightful place as the Lord’s. Next year is an exciting year as we seek to consolidate the strategic progress we have made in the areas of Biblically distinctive education, creative pedagogy, educational excellence and parent partnership. The future direction of the School is aimed at building on the academic and pastoral culture of the School while taking into account the historical strengths of SHCS.

Literacy and numeracy will continue to be the key areas of the curriculum which receive intensive treatment, with the continuance of small class sizes in both Junior School and High School and an allocation of teaching hours reflects this direction. Exceptional teaching practice will remain a key goal with an increased emphasis on the Australian Professional Standards for Teachers. Improved pedagogy (the way we teach) will be supported by a substantial professional development budget and cooperation with like-minded schools and leading educational innovators. In addition a P-12 literacy committee has been established with representatives from across teaching stages, this committee will seek to investigate and apply improved literacy strategies in all subjects and academic disciplines.

The Information, Communications and Technology (ICT) Educational Committee will continue to work towards a diversified Whole School plan which seeks to utilise technology in an age-appropriate manner. The strategy of matching devices to the maturation and needs of students will see senior students bringing laptops and early Junior School students using iPads. The devices for the middle sections of the school will remain iPad while the committee concludes their deliberations over the most appropriate device.

Students will enjoy a new venture entitled ‘Strand Groups’ these expert and interest based groups will allow students to choose an elective subject of interest to them each Term. This program will be led by teaching staff but seek to engage the talents of parents and grandparents in supporting this new venture. Students from years 3-10 will be able to choose from a range of subjects including: rocket making, choir, Claymation, photography, public speaking, golf, cupcake decoration amongst many others. I know this will become a popular part of each week.

The School site is looking in excellent shape overall, although investment is urgently required in a number of older parts of the School. Phase 2 of the refurbishment program will see B-Block transformed into modern learning spaces and A-Block made more functional for smaller classes and a canteen. The development of a front-of-school entry, with the support of a landscape architect, will provide a welcoming and professional entry to the School and match the work on the front office and hall completed this year.

I trust you are excited about 2016 and I wish all families a Merry Christmas and blessed new year, fresh in the hope of our risen Lord Jesus Christ.

Yours faithfully

Andrew Middleton

ABSENCES
Please note that the School is required to meet certain guidelines in this area. I trust the blank
notes (at the back of this booklet) will be of assistance to you in notifying the School of your
child/ren's absences. If you would like more forms at any time during the year, please ask at
the School Office or download from the School's website www.shcs.nsw.edu.au It is not
mandatory that these forms are used; however, they may assist you with the information
required when completing your written notes.

If your child/ren will be requiring a week or more away from School we have an "Application for
Exemption from Attendance at School" form which must be completed prior to leave to allow us
time to process a "Certificate of Exemption" certificate as required by the Department of
Education.

- Students arriving at School after 8.45am must report to the School Office to obtain a late
  pass.
- Students arriving after 9am will be marked 'partially absent' and will require a note of
  explanation from parent/guardian.
- Notes for all absences should be handed in at the School Office.
- Years 10, 11, and 12 students require a Medical Certificate should they be ill on an
  Assessment task day.
- Students needing to leave School for any reason during the day must supply a note from
  parent/guardian. This will be signed by the Homeroom teacher in the morning. This note
  is submitted by the student to the Class Teacher upon leaving class and then to the
  School Office as the parent/guardian signs the student/s out. Students returning the
  same day are to sign back in.

ANAPHYLAXIS FRIENDLY SCHOOL
SHCS is not a 'nut-friendly' school! We have students who suffer from serious and life-
threatening allergies to nuts. These allergies can lead to anaphylaxis – constriction of the
airways, leaving them unable to breathe. Please do not provide ANY nut products for your child
to bring to School or any School-related activity.

A Working With Children Check is a requirement for people who work or volunteer in child-related work. It involves a national criminal history check and a review of findings of workplace misconduct. The result of a WWCC is either a clearance to work with children for five years, or a bar against working with children. Cleared applicants are subject to ongoing monitoring and relevant new records may lead to the clearance being revoked. The Working With Children Check is fully portable so it can be used for any paid or unpaid child-related work in NSW for as long as the worker remains cleared.
